How Does Regenvive Work?

Regenvive works by tackling **three core pillars of aging and fatigue**:

✓1. Deep Cellular Rejuvenation

Ingredients like **Resveratrol** and **Alpha-Lipoic Acid** neutralize oxidative damage and stimulate cellular repair for younger, stronger cells.

✓2. Mitochondrial Energy Boost

CoQ10 and **B-Complex vitamins** restore your mitochondria's ability to generate steady, crash-free energy — improving mental and physical stamina.

✓3. Detox & Hormonal Reset

Milk Thistle, **Spirulina**, and **Turmeric** flush out toxins and calm inflammation, while **Ashwagandha** regulates cortisol and balances mood.
